SUMMARY

I am a passionate developer with 6 years of experience in mobile app development, including 4 years focused on building high-performance apps using Flutter and Dart. I have successfully led teams and delivered projects from concept to deployment, ensuring efficient, scalable, and user-friendly applications. My passion for creating innovative solutions drives me to stay up to date with the latest technologies and best practices, continually enhancing user experiences.

WORK EXPERIENCE

360 ed Pte.Ltd   October 2019 - June 2021
JUNIOR DEVELOPER
- Researched new tools for augmented reality (AR) development.
- Developed and implemented software solutions based on client requirements.
- We created AR applications, including a flashcard and gamification app for education on Android and iOS platforms.
- Developed educational applications for state government textbooks, collaborating closely with government stakeholders to ensure that app features aligned with academic objectives.

Tun Yat Pte.Ltd / Tun Yat Limited   November 2022 - December 2023
FLUTTER DEVELOPER
- Led development and implementation of software solutions for the revolving fund management system.
- Designed, developed, and implemented a comprehensive system to streamline financial processes and improve efficiency.
- Utilized advanced technologies and best practices to ensure the system met the organization's needs and complied with industry standards.

LeanCommerce   Dec 2024 - March 2025
Flutter Developer
- Implemented and maintained an AI-powered natural language search engine integrating public and internal data for SC Engineering, enabling users to perform sophisticated legal and business-related queries.
- Enhanced search accuracy and usability by supporting natural language queries beyond simple keyword matching.
- Maintained and improved existing applications, ensuring stability, performance, and scalability.

C3 @ Caring Code Creation   December 2023 - Present
FULL STACK ENGINEER / MOBILE DEVELOPER
- I acted as the primary decision-maker responsible for defining the project scope, timelines, and technology stack for each project.
- I collaborated closely with stakeholders to identify and prioritize project requirements, ensuring the delivery of high-quality solutions within the established deadlines.
- Additionally, I took a hands-on approach to backend and Flutter mobile app development, providing mentorship and technical guidance to team members.

EDUCATION

Computer University (Monywa)   Dec 2015 - Feb 2020
BACHELOR OF COMPUTER SCIENCE (B.C.Sc)

PROJECT

Vocabulary Builder AR 🔗

At 360ed

- Interactive 3D models with realistic textures.
- Tap the 3D models for their animations.
